Session Proposal form

If you would like to propose a session, please complete this form and send to ukexom@gmail.com , with "Session Proposal Submission" in the subject heading. A typical session would last for 90-110 minutes, with one 30-minute keynote talk and 3-4 20 minute talks, but other formats can be proposed, as can auxiliary poster sessions. A general solicitation for contributions to each selected session will be put out, but it is expected that session leaders will play an active role in recruiting exciting and high quality submissions for their sessions. Proposed keynote speakers and additional speakers need not be confirmed at this time; they are mainly used to help assess the nature of ongoing work in the proposed area. A limited amount of travel or subsistence support funds may be available for keynote speakers.
